SYNOPSIS

On August 31, 2015, SA (b) (6), (b) (7)(C) contacted (b) (6), (b) (7)(C), Deputy Fire Chief for the Northern Lakes Fire District in Hayden, Idaho, regarding his department's involvement in the chemical release incident of August 12, 2015.

DETAILS

On August 31, 2015, I contacted (b) (6), (b) (7)(C), Deputy Fire Chief for the Northern Lakes Fire District in Hayden, Idaho, regarding his department's involvement in the chemical release incident of August 12, 2015. After being notified of the nature of the contact and the identity of the contacting agent, (b) (6), (b) (7)(C) in substance, provided the following information:

The Northern Lakes Fire District was contacted on August 12, 2015, to lend mutual assistance to the Spokane Fire Department who was involved in a chemical release at the Pacific Steel and Recycling facility in Spokane, Washington.

The Northern Lakes Fire District responded to the request for medical treatment and transport by sending fire crews to the scene. The Northern Lakes Fire District did not send any of its HAZMAT crews to the release scene.

The only records the Northern Lake Fire District completed were patient care reports which are available at the Spokane area hospitals.
